

# Saint Joseph's is the Future Capital Campaign

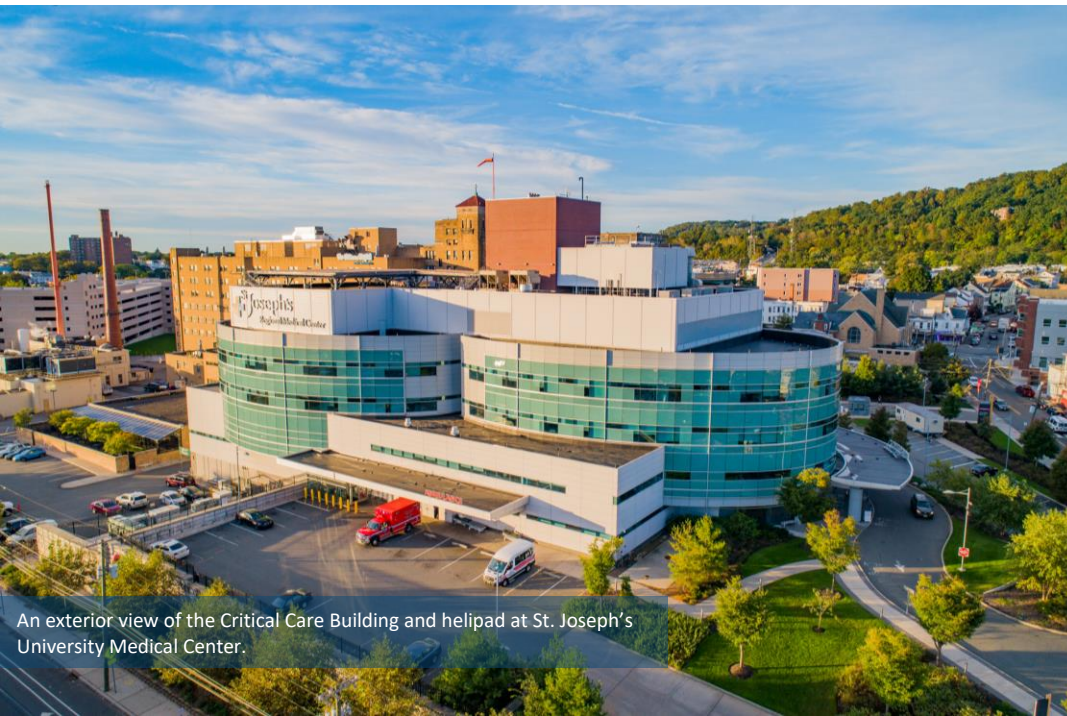

## *Donor Honor Roll*

Launched in 2010 through 2015, the St. Joseph's is the Future Capital Campaign expanded St. Joseph's ability to meet the increasing demands for inpatient and outpatient care in our area, while expanding healthcare services offered to residents in the region. Through this campaign, St. Joseph's University Medical Center's Critical Care Building was erected, which provided 54 additional critical care rooms, a brand-new emergency department, and 12 state-of-the-art operating rooms. As a result, St. Joseph's Health serves as a leading emergency/trauma/critical care resource for northern New Jersey and the surrounding region.

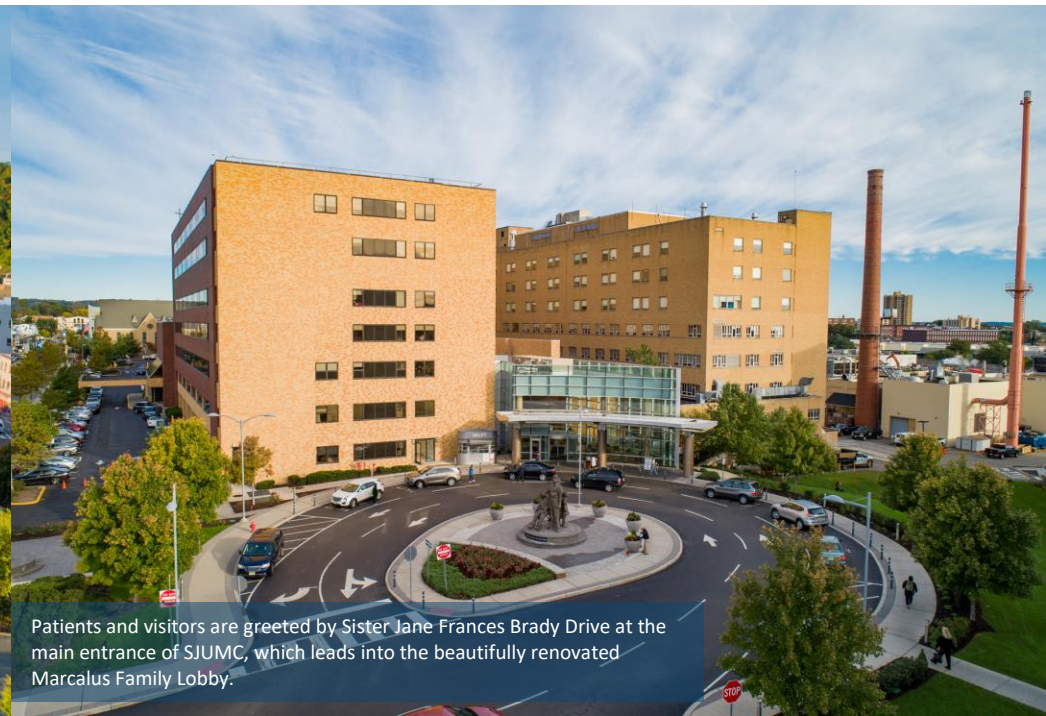

In addition, the DePaul Ambulatory Care Center and the Geriatric Emergency Department were created and moved into new spaces; along with the entrance, lobby, and multi-use auditorium space that were created to better serve our patients and their families. Additionally, a number of units at St. Joseph's Wayne Medical Center were renovated and our previously existing operating rooms at St. Joseph's University Medical Center were renovated into state-of-the-art same day surgery suites.

All of these improvements were made possible through the philanthropic investment of many individuals, corporations, foundations, and partners.

**We are proud to formally acknowledge and express our deep gratitude to all who supported these efforts; thank you for helping St. Joseph's Health to achieve new heights!**

An exterior view of the Critical Care Building and helipad at St. Joseph's University Medical Center.

Patients and visitors are greeted by Sister Jane Frances Brady Drive at the main entrance of SJUMC, which leads into the beautifully renovated Marcalus Family Lobby.
